Environmental Policy

“Sustainability for the Future”

At BWI Greenfield, IN we are committed to providing a quality product in a manner that ensures a safe and healthy workplace for our employees and minimizes our potential impact on the environment. We will operate in compliance with relevant environmental legislation and strive to use pollution prevention and environmental best practices in all we do.

Therefore, BWI Greenfield is committed to:

- integrate the consideration of environmental concerns and impacts into our decision making and activities,
- minimize our waste and reuse or recycle as much as possible,
- minimize energy and water use within our buildings and processes to conserve supplies and minimize the consumption of natural resources,
- diligent in purchasing products and services which do the least damage to the environment,
- train, educate and inform our employees about environmental issues that may affect their work,
- promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner,
- communicate our environmental commitment to interested parties and people working on our behalf and encourage them to support it,
- where required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programs.
