Environmental Policy

At BWI Greenfield, IN we are committed to managing our interactions with the environment and in demonstrating our commitment for:

“Sustainability for the Future”

To achieve this goal BWI Greenfield will:

- Strive to continually improve and enhance the environmental management system;
- Obey all the applicable statutory, regulatory and compliance obligations as required;
- Aide in the prevention of pollution to protect the environment;
- Provide a safe and healthy work environment for all concerned parties;
- Set and track plant objectives to ensure we meet all intended environmental goals.
